Lakeshore Manager Achieves Document Scanning Certification

Valuable solutions for “paperless” document management good in any size organization.

--- MUSKEGON, MICHIGAN, July 23, 2007 --- **Lakeshore Document Services Co.** announces the achievement of Barbara Coppock to CompTIA CDIA⁺ certification. Individuals who achieve CompTIA CDIA⁺ certification have demonstrated knowledge and mastery of scanning, storing and output of documents. They have the expertise to analyze customers’ business processes and design appropriate document imaging and management solutions to support their needs. The CDIA⁺ certification calls for extensive technical, interpersonal and project management skills. Barbara is the Imaging Department Manager and heads up the company’s document scanning bureau efforts.

Lakeshore Document Services Co. established their document scanning bureau service in 2003 to provide document scanning, back-file conversions, and assist companies in establishing document management systems to enable them to become “paperless”.

Lakeshore Document Services Co. is a commercial records center located in Muskegon, Michigan providing document scanning, hard copy document storage and secure shredding services in Western Michigan.

Their office is located in Norton Shores and they can be reached at 231-798-8756 or on the Web at
